Orders Issued to Customs Collectors and Others to Keep Cuban Patriots Here from Shipping Guns and Men to Their Priends on the Island-The Expedition from Key West Safely Landed-Cavalry

WASHINGTON, June 11. The State Department is cooperating with the Navy Department in preventing filibustering expeditions from leaving the United States to aid the Cuban insurgents. In addition to ordering the United States ship Raleigh to guard the Southern coast to look out for flibustering craft, Secretary Olney of the State Department has asked the Treasury Department to aid in preventing fillbusters from shipping arms, men, and ammunition from Southern ports to the Cuban insurgents. The Spanish Minister, Seffor Dupuy de ne, has had several interviews with Secretary Olney during the past two days on the subject, and has communicated to him the information furnished by his agents along the Southern sea-

Advices received to-day from Havana say that the number of Cuban fillbusters who left Key West on the 7th inst. has been greatly exaggerated. The expedition is under the command of four tuban leaders, one of whom Roloff, is a Polander by birth, who has lived for some years in Key West, and is in hearty sympathy with the movement for Cuban independence. The other leaders are Sanchez, Garcia, and Castillo. The entire force is said to number not more than fifty, all told. They landed in the department of Las Villas, where quiet heretofore has reigned, with the purpose of increasing their numbers from the native pepulation and extending the scene of the rebel operations.

JAPAN'S COMMERCIAL TREATIES. Russia Is the Fourth Country to Make the New Arrangement with Her.

WASHINGTON, June 11. - The new commercial between Japan and Russia which was signed at St. Petersburg to-day is the fourth which Japan has secured with the leading countries of the world. Great Britain was the first to make a treaty on the new lines proposed by

Japan, the United States was second, and Italy third. The treaty with Russia is practically the same as those negotiated with the United States, and Great Britain.

One of its principal features is the abrogation of the extra-territorial rights which foreign countries have enjoyed in Japan, which permitted offences cerpetrated by clitzens of these countries to be tried by a consular court. Under the new arrangements all infractions of the law in Japan will be referred to the native courts after a certain specified period.

Pirrenunger, June 11 .- At the June meeting of the Pittsburgh Presbytery to-day the Rev. George H. Sheldrake was deposed from the ministry and excluded from the communion of the Church, and the clerk directed to erase his name from the rolls of the Presbytery. This action was based upon the fact, as set forth in the resolutions of the Judicial Commission adopted today, that he had come forward as his own ac-

cuser and confessed adultery.

The resolutions said that neither from the letter nor otherwise had Mr. Sheldrake given any evidence of genuine Christian repentance or of known here and in Cincinnati and other cities as an evangelist of more than usual power. Among those churches here in which he officiated were the Second Shadyside and Park Av enue, and he made a very favorable impression by his apparent earnestness and piety.

His case was disposed of in secret session. The testimony of several witnesses was taken. Sheldrake was not present, although he had promised to attend. He sent instead a letter in which he confessed that while living in Pittsburgh he

A Bussian Lad Who Was Bitten by a Dog Two Years Ago Becomes Ill.

Mandel Fishman, a 15-year-old Russian lad, residing at 55 Orchard street, became ill on Saturday. Nothing was thought of his malady at first, but the boy grew rapidly worse, and the attempts of his parents to treat him were unsuc-cessful. On Monday night the sight of water threw him into spasms. He rolled on the floor and foamed at the mouth.

Early yesterday morning Fishman was taken to Dr. Isidor Jute of 184 East Broadway. The Doctor diagnosed the case as one of hydropho-bia. His parents, after denying that the boy had ever been bitten, finally admitted that, two years ago, while they were still residing in Russia, the bow was bitten on the hand by a madding. The wound gave no trouble at the time, and nothing was thought of infirer it healed.

After Dr. Jure had prescribed for Fishman he was taken back home. During the forenoon he grew so much worse that a policeman he grew so much worse that a policeman he policeman summended an ambulance, which conveyed him to foouverneur Hospital.

"Riots Chengetu, Kiating, Property wholly destroyed. Missionaries safe."
The Methodist Episcopal Church owned property valued at about \$4,000 in Chengetu and Chung king, in the province of Scanchen, but so far as is known there is no property in Kiating belonging to that denomination, and whatever buildings have been destroyed in the lasting med place were probably owned by the China Inland Mission of England. Kiating lies south of Chengetu, between that city and Chung-king. According to a returned missionary from China, the riots in the province of Scanchen which borders on Thibet, are the direct result of the Janan-China war. This province is situated about 1,500 miles from the seat of strife, and communication between the cities and towns within its limits and the seaboard is extremely difficult. It is believed by those well informed upon the conditions existing there that the natives in Chengetu and other sections in the western part of the empire lave just heard of the war, which has incited them against foreigners and everything belonging to them. Scott of the State Central Committee called the assembly to order. There was an attendance of over 400. The temporary Chairman roundly denounced the two old parties for their du-plicity on the money question and their subserviency to trusts, corporations, and the money power. At the close of the address the regular committees were appointed and a recess was

The committees on resolutions and on permanent organization were in the hands of the anti-Weaver crawd, and it was practically certain from the first that the Convention would nominate a straight Populist ticket on the Omaha platform, with free silver as a minor issue.

When the Convention reconvened in the afternoon ex-tongressman E. H. Gillette of Des Moines was made permanent Chairman. The report of the Committee on Resolutions was adonted by an overwheiming vote. The platform rentilms the Omaha platform, calls for the free coinage of silver, asks that all banks be required to give a security for deposits, demands the inspection of workshops and factories, the readjustment of the salaries of public officers on an eronomical basis, and the imposition of a 10 per cent, State tax on all contracts to pay in gold. The following ticket was named:
Governor, Sylvester Crane, Davenport; Lieutenant-Governor, A. R. Starrett, Humboldt; Supreme Judge, T. W. Ivory, Glenwood: State Suprintendent, L. R. Taher, Guthrie Centre; Railroad Commissioner, E. J. Stason, Woodbury county. from the first that the Convention would nomcounty.

of the Convention.

MEMPRIS, Tenn., June 11. The officers of the Bimetallic League met this afternoon at the Auditorium and fixed on the programme for tomorrow's big silver Convention. Contrary to ex-pectations, it was determined to have a night session to-morrow, so that all the speakers could get a chance to deliver their addresses. but this may be voted down. Thursday's programme has not been arranged definitely. The presentation of resolutions will be the main feature of the second day. The order of exercises for to-morrow will be:

Welcome address by Col. Casey Young of Memphis, selection of a permanent Chairman and Secretary, selection of Vice-Presidents by the delegations, and appointment of Committee on Resolutions. Afternoon session: Reading of telegrams and letters, addresses by Alexander Del Mar of California and Marion Butler of North Carolina. Night session: Speech by Congressman Joseph C. Sibley of Pennsylvania. The delegates are gathering to-night in great

numbers. They are coming on trains, wagons, and muleback. The latter are from the Ten nessee Mountain counties. In that part of the country they believe in nothing but free silver. The delegations will sit in the Convention tomorrow twenty-six strong. Every Southern State, a few Western ones, and Pennsylvania and two Territories will be represented. The silver-producing States will send the biggest delegations. W. J. Bryan of Nebraska will come with the Louisiana delegation. D. H. There seems to be a lack of popular understanding as to just what this convention is for
and how it was called. The call was non-partisan. The object was to stir up such a strong
feeling South and West on the silver question
that all political parties would be roused to
a coton and feel called upon to insert in their
platforms a plank for the free coinage of silver
at the ratio of 16 to 1.
The organizers of this Convention have answered their critics, who thought they were beginging the callest and it was to prevent the
efforts of those having the sound money convention was called. While the Central Bimetallic league is largely made up of hemocrast,
there are many Republicans prominent in the
organization, as well as Populists.

CINCINNATI, June 11. Congressman Joseph C. Sibley of Pennsylvania passed through the city to-day en route to the silver Convention at Memphis. He will openly challenge Secretary Carlisie's silver statements.

"Mr. Carlisie's states what is not true, and states what he knows is not true, "said Mr. Sibley," when he states that there are 8020,000,000 of gold in this country. There is not to-day over \$400,000,000 of gold and he knows it, and so do they all knew it that make such statements. They make no allowance for the gold that is used in the arts. I do not know where all this will end if our monetary system continues as it is much longer."

REPUBLICAN SILVERITES.

They Will Try to Get the Party to Endorse Free Columne in Kansas. TOPERA, June 11. A call was issued to-day to leading Republicans of Kansas who favor the free coinage of silver to meet in this city on June 25, one week after the State Convention of the Bimetallic League. To e object of the meeting is to take such action as will insure the endersement of the free coinage policy by the Republican party. The fact that the officers of the Bimetallic League are Populists has caused distrust of the Bimetallic Convention which meets in Topesa on June 18. The call is signed by F. H. Coney of Topesa and A. L. Sponsier, editor of the Hutchinson News.

Definitely Refuses and Gives the Mayor a Chance to Name a Republican "Gent," William J. Fanning, one of the men Mayor Strong selected for City Magistrate, called at the Mayor's office yesterday morning and said that he had concluded not to accept the place. He is unwilling to give up his private practice. Mr. Fanning's friends put him forward as a candidate for Justice of the Court of Special Sessions, and it is understood that he would have accepted appointment to the bench of that court and the higher salary which would go

with it. With the refusal of Mr. Fanning to accept ap pointment the Mayor will have the opportunity of carrying out his original intention of naming

He is the only one of the fourteen Judges appointed by Mayor Strong who resides below Fourteenth street. It is not impossible that his successor may be chosen from that section.

Justice E. B. Hinsdale and City Magistrate John O. Mott were sworn in yesterday.

Much difference of opinion has been expressed rearding the politics of Justice Ephralm A. Jacob of the Court of Special Sessions. Mr. Jacob has settled the question and made it as clear as mud by stating that he has been a sort of an independent voter with an inclination toward the Democracy, and for the past two years has been voting for Republican candidates.

The new Justices of Special Sessions will hold another meeting at the office of Chairman Hinsdale, 192 Broadway, this afternoon, to select subordinates for the new court and get the court machinery in working order.

CAMPBELL SAYS HE WON'T RUN Doesn't Want to Be Governor of Ohio Again-Opposed to Silver Men.

COLUMBUS, June 11. Ex-Gov. James E. Campbell was in this city to-day, and in an interview "I am not a candidate for Governor and if the nomination were offered me on a silver platter I would not accept it. If there is any office on earth I want less than the Governor-

ship, it is that of United States Senator."

When asked as to his views on the money question, the ex-tiovernor said: "I am against silver monometallism, and I am against gold monometallism as well. I should favor free eliver, but not at the present

should favor free silver, but not at the present ratio, unless there should be an international agreement. At the same time I favor free coinage at a proper ratio, and a liberal treatment of the two metals.

"The Democratic party ought to place itself squarely with both freet and all other parts of its anatomy on the Monroe doctrine and every other doctrine that recognizes the United States as the greatest country on the globe. On that issue there should be and certainly will be no difference of opinion in the party.

"If the party sticks together this year we have a very good show in this State- a fighting chance, any way. I believe that we have a better chance, however, to carry the Legislature than to elect our candidate for Governor, although it looks to me as if we ought to carry the whole ticket."

SCHIEREN FACTION BEATEN. A Significant Vote on the Abell Bill in the Republican Camp in Kings.

The Worth-Buttling and the Schleren factions in the Republican County Committee of Kings county had a pitched battle last night at the regular monthly meeting of that body in the Johnson building in Brooklyn. The trouble was over the Abell Election bill, which places the election patronage in the hands of the Chairmen of the Republican and Democratic organizations, and makes the Election Commissioners merely the instruments in carrying out their

merely the instruments in carrying out their wishes.

Mayor Schieren and the four new Election Commissioners he recently appointed are bitterly opposed to the bill, which is now in the hands of the Governor.

When the routine business of the committee had been transacted last night a motion was suddenly sprung approving the Abell bill and Mr. Worth himself took the floor and warmly championed it. Mr. Blair made a stubborn but unsuccessful night against the resolution, which was adopted by a vote of 71 to 24.

The action of the committee was significant, indicating clearly that Mr. Worth still holds a strong grip on the machinery of the organization, and that Mr. Schieren will have to produce something like a political revolution within his party lines if he hopes to capture a renomination. Mr. Worth is the chief lieutenant in carrying out the policy of the Platt wing of the party in Kings county.

SECRETARY PALMER WITH PLATT. Thinks that No More Loyal Machine Man Than He Is Alive.

ALBANY, June 11. Secretary of State John Palmer scoffs at the story published to-day in which he and State Treasurer Colvin and Attorney-General Hancock are classed with the anti-Platt faction of the Republican party. He said: "I don't think a more loyal organization or machine man can be found than I. I am of the machine man can be found than I. I am of the opinion that the old ticket elected two years ago, will be renominated. I know it has been suited that Comptroller Roberts does not intend to accept a renomination, but I have believed all along that he would accept it to keep his friends from falling into a hole, if for nothing more. When I was in New York last Sunday I heard nothing to indicate that the full ticket would not be renominated."

OBITUARY.

Capt. William C. Rawolle of the United States army died suddenly yesterday morning at the house of his brother, F. Rawolle, 263 Hicks street, Brooklyn, in his 54th year. He was born in Germany and came to this country when a boy with his parents. At the breaking out of the war he went to the front as a private in an artillery regiment. He served until the close of the war, part of the time on Gen. Burnside's staff. He returned from the front with the rank of Brevet Colonel. He continued in the regular army as a Captain and was the senior officer of that rank. He was stationed at Fort Logan, Col., when he received leave of absence about six months ago, and since then he has been travelling for the benefit of his health. He leaves a widow and three children. The Rev. Dr. Alsop, rector of St. Ann's Episcopal Church, will officiate at the funeral services this afternoon.

The action of the committee was significant, indicating clearly that Mr. Worth still holds a strong grip on the machinery of the organization, and that Mr. Schieren will have to produce something like a political revolution within his party lines if he hopes to capture a renomination. Mr. Worth is the chief lieutenant in carrying out the policy of the Platt wing of the party in Kings county.

MILWAUKEE, Wis., June 11.-Judge Jenkine ill soon order the receivers of the Northern Pacific Railroad to begin suit against Henry Villard for an accounting of an alleged shortage in money turned over to the company by him while acting as its financial agent and in the capacity of a director several years ago. When attorneys for the receivers went before Judge Jenkins and asked to have a date fixed for arguing an application for permission to begin suit, the Judge said he saw no use of any arguments, but would sign an order as soon as it was agreed upon by the attorneys.
